

Mary Margaret Hunt
(P)SAT /ACT Test Prep and Tutoring
Waco, Texas

2011-2012 School Year

Dear Fellow Educators, Parents, and Students:

In preparation for the testing dates, I will begin offering Waco classes in PSAT / SAT / ACT test preparation, emphasizing the best approach to each test using the esteemed Elissa Sommerfield Curriculum. Mrs. Sommerfield's experience in developing her material includes over thirty-five years of conducting review classes in Dallas for the college boards. Our program is known as **Texas' Oldest and Finest**.

The Seminars are scholastically oriented. In them we cover extensive assignments teaching in-depth the grammar, writing, vocabulary, critical reading, mathematical skills, and logic so stringently tested on the entrance examinations. Therefore, our courses address the academic problems involved, not just testmanship, though the latter is heavily stressed. Although our students have raised their scores (some by more than 250 points) students should view enrollment in a seminar as more than just a means to raise their SAT and ACT scores. They should attempt to sharpen their verbal, math, and writing abilities and learn the best methods to approach questions on **ALL** tests.

My commitment and ultimate goal is to enable your students to raise their test scores. Math and Critical Reading & Writing seminars with limited enrollment are scheduled four weeks prior to each **SAT** test date. Seminars are scheduled for two weeks prior to each test date in **ACT** preparation. Individualized private tutoring is available by arrangement.

Visit my website -- **www.marymargarethunt.com** -- for seminar schedules TBA before each testing date and view the Registration Form / Printable Schedule for tuition costs. For a brief complimentary phone consultation, call Mary Margaret Hunt, 254.848.8040, or email me.

Cordially,

Mary Margaret Hunt
